

ME : MECHANICAL ENGINEERING**Topicwise Examination Questions****CONTENTS**

Chapter No.	Topic	Page No.
1.	Linear Algebra	1
2.	Calculus	5
3.	Vector Calculus	11
4.	Differential Equations	14
5.	Numerical Methods	19
6.	Probability and Statistics	21
7.	Engineering Mechanics	24
8.	Strength of Materials	35
9.	Theory of Machines	49
10.	Vibrations	61
11.	Design of Machine Elements	66
12.	Fluid Mechanics	74

Chapter No.	Topic	Page No.
13.	Heat-Transfer	86
14.	Thermodynamics	98
15.	Power Plant Engineering	110
16.	I.C. Engines	114
17.	Refrigeration and Air Conditioning	117
18.	Turbomachinery	122
19.	Engineering Materials	127
20.	Metal Casting	130
21.	Forming Processes	135
22.	Joining Processes	140
23.	Machining and Machine Tool Operations	143
24.	Metrology and Inspection	152
25.	Tool Engineering	156
26.	Computer Integrated Manufacturing	158
27.	Manufacturing Analysis	161
28.	Work-Study	163
29.	Production Planning and Control	166
30.	Inventory Control	170
31.	Operations Research	173
